The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.

The Rayo is designed to give the best light, and it does. It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

When Buying Fuel

The consumer must always figure on the actual amount of heat and comfort that is gotten for the money spent.

We believe that our connections of long standing, coupled with the large amount of fuel that we buy, make it possible for us to sell the very highest grades of Coal and Wood at prices that are cheapest to the consumer.

A trial order of our Coal and Wood, or an opinion from some of our satisfied customers, will prove that our idea of putting quality first is correct.

ALDRICH IN ANOTHER ACCIDENT

Sensor Nelson W. Aldrich was badly shaken up as the result of an accident to his automobile in Providence, R. I., Monday. He had started from his home at Warwick Neck in the machine, and was on the way to the railway station, intending to catch the 9 o'clock train for New York. When about half the distance had been covered the automobile skidded across the road and brought up in a ditch, a rear wheel collapsing. The machine was so badly damaged that the senator could not proceed with it. Although badly shaken up, he declined to return to his home. Senator Aldrich was on his way to New York for the purpose of undergoing an operation upon his right hand.

A slight operation to relieve a strained tendon in United States Senator Nelson W. Aldrich's right hand will be performed in New York today, according to a statement made last night by Winthrop Aldrich, the senator's son. He added that the family did not regard the operation as serious, and he did not know who would perform it. The injury was caused by a slight strain, he explained, but he did not think it was in any way due to the senator's being struck by a street car last fall.

TRAIN AMBUSHED.

Forty-two wounded government soldiers were brought to Chihuahua, yesterday, thus confirming rumors that the troop train which left Chihuahua Saturday was shot to pieces in the mountain trap known as Mal Paso, a few miles east of Pedernales. The official report states that the federalists lost 21 killed, 10 missing, and 42 wounded. The latter includes Col. Guzman, who was in command of the expedition. The insurgents' loss is not known. The mountains of Mal Paso, however, swarmed with revolutionists. They halted the first and second sections. Col. Guzman dismounted his troops, and for five hours defended himself. He was in a trap, however, and was forced to retreat.

Although Gen. Navarro was at Pedernales, or near there, he was unable to lend assistance. Unconfirmed reports state that he has his hands full with the rebels he has been fighting off and on since Thursday.

After trying several times to get an answer from the apartments of Miss Marie M. Conley, thirty-five years old, of 1706 S. street northwest Washington, the janitor of the building last night entered her rooms with a duplicate key and found Miss Conley lying dead on a couch. A gas stove was burning and Dr. Clarence Weaver, who was summoned, said death was due to monoxide gas.
